## SCAT Service Will Be Discontinued

South Central Air Transport (SCAT) service will be discontinued at Stennis Field as of June 15, 1972, according to a release from Andrew L. Peabody, SCAT director.

The company has been providing scheduled air service to Bay St. Louis with several flights a day since March 15 this year, as well as unscheduled flights by individual request for several months prior to that time.

Peabody stated that the decision to cancel the service to this area came as a result of an inadequate percentage of passenger and freight traffic over the past seven months, necessitating cancellation of service.

Until June 15, passengers wanting air transportation to and from Bay St. Louis may call the Gulfport or New Orleans SCAT offices for reservations, he concluded.

## GOP Delegates Going To State Convention

Hancock Countyans are preparing today for the State Republican Convention to be held in Jackson on Saturday. Newly elected County Chairman, Dr. John Levens said today, "The fine turnout for last April 22's conventions in Hancock County reflect the continued growth and the support gained by the GOP at the grassroots level."

In praising the newly elected leaders within the party, State GOP Chairman Clarke Reed said, "We have many officials in places of responsibility and look forward to continued growth in the future. This is the second time in the state party's history that all 82 counties from across the state will be represented by county delegations at the State Convention."

Hancock County Party officials recently elected are: Chairman - Dr. John Levens, Vice Chairman - Mrs. Joseph Belts, Secretary - Douglas M. Koger.

Delegates elected to the convention from Hancock County are: Douglas M. Koger, Mrs. Fred Wagner, Alternates - Alben F. Carlson, Dr. John Levens.

The Hancock County Fire Chief Peter Clegg and delegation at the state convention this year will have a total of 2 votes.

STOP THE TRUCK, I WANT TO GET ON!... W. G. Seymour, Operation Upturn inspector, was working in the Bay Fire Station Wednesday afternoon when a fire call came in at 3:55. As Fire Chief Richard Fayard, Fireman Robert Andrews and Alton Sick raced to the fire truck, Seymour heard someone say the fire was at 417 Citizen St. Seymour shouted "That's MY house" and ran to get on the truck which by then was almost out of sight. A fuse box on the outside of Seymour's frame home had caught on fire and was blazing, but firemen were able to extinguish the flames before the house was damaged. Seymour watched as firemen removed the burned fuse box and turned off electrical service as a safety measure. (Echo staff photo by Adoree Shortle)

## Firemen Attend State Training School In Bay

Close to 100 firemen and law enforcement officers from south Mississippi cities attended two training schools held in Bay St. Louis over the past three weeks.

Both schools were held in the training room of the Bay St. Louis Fire Station on Old Spanish Trail.

A fire investigation and arson detection course was scheduled April 24 through 28, and covered procedures used in investigation of evidence found leading to suspicion of arson.

Classroom instruction presented detailed steps to be taken from the time of the fire call through the final report to the state fire marshal, for arson conviction.

Instructors for the course included Bay Asst. Fire Chief Edward Friloux, Long Beach Asst. Fire Chief Peter Clegg and Asst. Chief William Fennell, Deputy, Jefferson Parish Sheriff's Dept., Mississippi.

State Deputy Fire Marshal Norman Coward, and Long Beach policeman Thomas Meighan, who is also Chief of the Coast E.O.D. Squad.

Certificates of course completion were presented to 42 men by Bay City Commissioner Andre Arceneaux.

The second training course was conducted under the auspices of the State Fire Fighters School in Jackson, and dealt with basic fire fighting procedures as well as liquid petroleum gas configurations.

The 12-hour course, held May 9-12 covered fire equipment used and maintenance, fire ground tactics and operational procedures. State Fire School Commandant James S. Hart, Jr. headed the list of instructors which included Seabee Base Fire Chief Ben Clark, Hattiesburg Asst. Fire Chief, P.A. Ross, and Asst. Fire Chief Victor Homberg, of Moss Point.

The Bay St. Louis fire department was coordinating agency for the training schools, both of which were attended by area law enforcement personnel as well as firemen.

Certificates for the State Training School will come from the office of the State Insurance Commissioner, in conjunction with the Fire Marshal's office.

The 50 members attending the second school represented fire departments from Clarendon Harbor, Waveland, Bay St. Louis, Pass Christian, Long Beach, Gulfport, the Seabee Base, Biloxi, Ocean Springs, Moss Point, Pacesville, Wiggins, Hattiesburg, and Jackson.

According to Chief Richard Fayard, the same course will be repeated in August in Ocean Springs at which time the "Christmas Tree" burning, cancelled Friday due to an electrical storm, will be held in Bay St. Louis.

Fayard added that Bay St. Louis fire personnel have logged, since March, 25 hours of formal fire training in addition to daily one-hour training and indoctrination sessions held in the fire station for on-duty men.

## Bay Inspection Department Criticized At Council Meeting

Complaints about a large building which is being erected in a residential neighborhood in Bay St. Louis were discussed at Monday night's meeting of the city council.

Commissioner William Frisbie revealed that he had received a complaint about the

building which was erected by Robert Getman at 120 Engman St. Frisbie called the building a warehouse and said that it did not meet the specifications of the city's building code for that area. Frisbie also pointed out that the information supplied on the city's application for a

building permit, which Getman filed in March, 1972, did not conform to the structure which was actually built. In addressing Mayor Warren Carver, Frisbie said, "These complaints have been made to you and to the city building inspector, Burton D. 'Tip' Johnson and nothing has been done. Now the complaint reaches me and I want to know why nothing has been done."

Mayor Carver admitted receiving complaints about the building and said that he had turned the matter over to Johnson. "He (Johnson) told me that he has never been called for a final inspection on the building," Frisbie then asked Carver "If it would be possible for the city inspection department to check buildings periodically." "This construction should have been stopped long ago but we have received no stop order from the building inspector." The matter was then referred to city attorney Gerald Gex to see what action could be taken against Getman.

## Man's Body Found Near Catahoula Creek

The body of a Flat Top resident, missing since May 5, was found by four Bay Waveland youths May 10 at the edge of Catahoula Creek, five miles from where sheriff's deputies were still searching. Hancock County Sheriff Sylvan Ladner, and his deputies had been combing the densely wooded area near

Hollis Mitchell's home in Flat Top since his family reported his disappearance. The sheriff's department was aided by county Civil Defense personnel, State Fish and Game wardens and other local agencies who had spent five days searching the area on foot, horseback and by helicopter.

The four young men discovered Mitchell's body in a particularly overgrown section along the banks of Catahoula Creek. Phillip Möllere and Keith Mocklin of Waveland, and Peter Kearney and Burk West of Bay St. Louis, made the discovery as they were looking for a place to swim in the creek. The youths notified deputy sheriffs, Fairley Necaise and William Tate, who brought the sheriff and deputies Lathan Gariga, Leo Woods and James Ladner to the scene from where they were still searching about five miles away.

The sheriff was brought into the inaccessible area by helicopter piloted by Capt. R. G. Johnson, of Hattiesburg. At a coroner's inquest, empaneled by Peace Justice, Jimmy Ray Hoda, who served as acting coroner, death was attributed to self-inflicted gunshot wound. Fairley Necaise was bailiff and the coroner's jury was composed of James Ladner, Terry Lucas, Leo Woods, C. J. Cameron, Pat Toolney and Donald Moran.

## Cancer Drive To Be Held Monday

John Rosetti has been named Hancock County director of the American Cancer Society. Rosetti is asst. vice-president of Gulf National Bank in Bay St. Louis.

Residential chairmen for Bay St. Louis are Mrs. Clare McAuley, Mrs. Mary Winnard and Mrs. Ivan Bradford. Mrs. Marie Hart and Mrs. Fran Lucas will represent Waveland. Mrs. Dave McDonald is memorial secretary and Nicholas Haas is Business and Industry chairman.

A meeting will be held Thursday at 7:30 p. m. at Gulf National Bank at which time Mrs. Evelyn Green, Coast Area Director for the Cancer Society, will address the group.

The residential drive will be held May 22 and the goal for this year is \$2400. All workers will be wearing American Cancer Society name tags.

## Pharmacy School Presents Awards

The University of Mississippi School of Pharmacy honored three professors who will retire this year as well as outstanding students during the Annual Awards Banquet on Tuesday evening at Ole Miss.

Retiring faculty members are Dr. Austin A. Dodge, associate dean and professor of Pharmacognosy; Dr. Francis G. McDonald, associate professor of Pharmacognosy and Medicinal Chemistry; and Dr. Maynard W. Quimby, professor of Pharmacognosy. Heading the list of student award winners were Walton L. Moore of Booneville, and Samuel E. Daniel of McComb. Moore received the Rho Chi Award for highest general average in all courses of the entire curriculum; the Medicinal Chemistry Award for scholastic excellence in medicinal chemistry courses; the Pharmacology Award for scholastic excellence in

Pharmacology courses, and the Kappa Psi Award for highest scholastic average in all required courses through the fourth year of the academic program. He earlier had been named recipient of the Taylor Medal and Taylor Citation. Daniel was the recipient of the Outstanding Achievement Award for outstanding achievement in scholarly and extracurricular activities by a graduating pharmacy student, the School of Pharmacy Award for outstanding contributions of service to the School of Pharmacy and the pharmaceutical profession, and was named to membership of the School of Pharmacy Hall of Fame.

Dean Wallace L. Guess also presented awards to John C. Davis, New Madrid, Mo., the Pharmacognosy Award; James M. Hethcox, Petal, the Pharmacognosy Award; Jimmy N. Hayman, McComb, the Pharmacy Administration Award and the Pharmacy Management Award; Harold J. Kornhuber, Hattiesburg, the Phi Delta Chi Award;

Presidential Award; William G. Griffin, Raymond, the Professional Leadership Award; Selection into the School of Pharmacy Hall of Fame and the Austin A. Dodge Award; Patricia Wong, Cleveland, the Kappa Epsilon Award and Adam Blumer, Gulfport, the Michael E. Shibley Award.

## Navy Offers New Program

Lt. J. M. Myers, commanding officer of the U. S. Naval Reserve Center, Broad Avenue, Gulfport, has announced several new programs available in the U. S. Naval Reserve for young men between 17 and 26 years of age with no prior military service.

The newest program is for qualified personnel to be sent to active duty for training for a period of not less than four months and not more than ten months. These personnel will be required to attend meetings after their active duty for training. This program has only limited openings at present.

Another program is the two year active duty program under which a man performs two years active duty and the balance of his obligated service will be spent in the reserves. Under this program a person would be eligible for all G I Veterans benefits.

Mr. Myers stated that there are Navy technical schools available under either of these programs for qualified personnel. Also, a young man has a choice of either joining the Seabee Reserves or Surface Reserves. The Seabees meet one week-end per month and the Surface Reserves meet each Tuesday night for three hours. Both meet at the U. S. Naval Reserve Center, Broad Avenue, Gulfport. Personnel who participate in the meetings are paid for their attendance. They also qualify for retirement.

Interested persons should contact the recruiting office at the Naval Reserve Center, Gulfport, or phone 863-0200.

**Births**  
Mr. and Mrs. J. V. Peterson of Waveland announce the arrival of their second child and second daughter, Heddi Amelia, May 5 at Gulfport Memorial Hospital. She weighed 9 lbs. 1 oz.

Mrs. Peterson is the former Patricia Carver; daughter of Mr. and Mrs. Charles Carver of this city. The paternal grandparents are Mrs. Lillian Garcia and the late Lawrence Peterson of Clermont Harbor.

THE FAIRCHILD home at the corner of Nicholson Ave. and the beach, built around the turn of the century was typical of the architectural style of that period, with broad porches, gables and lots of gingerbread. As a fashionable guest home for New Orleansians in the late 20's it was well-populated, but apparently was unoccupied and neglected at the time of this photograph. The house was destroyed in the 1947 hurricane. Picture courtesy of Mrs. Terrell Perkins. (Readers are urged to submit photos for use in Reflections. Use of all photos is left to the discretion of the editor, and must be picked up from the Echo office in Bay St. Louis.)

## Junior Auxiliary Serves Community

The National Association of Junior Auxiliaries came into being on November 14, 1941, when 100 enthusiastic women from 10 towns in Mississippi and Arkansas met in Greenville, Mississippi, for the purpose of uniting these 10 groups, each primarily interested in child welfare in its own area, into a national organization seeking strength and inspiration. The objective of this organization as stated at that first meeting was to foster interest among its members in the social, economic, educational, civic, and cultural conditions about them to encourage them to render special volunteer service, particularly to children and to cooperate with other organizations rendering similar service.

On October 9, 1966, nineteen women from the Bay-Waveland communities met, and the Bay-Waveland Service League was organized to provide social, economic, civic, cultural, humanitarian, and other community services to Bay St. Louis and Waveland. The first two projects were a Children's Program presented by the Southern Players and an Eye Check Program for preschool and school children.

In May 1969, after satisfactorily completing both a petitioning and provisional status, the Bay-Waveland

## Guest Editorial

How often do we gripe about things in our community that we don't like? Have we forgotten the days when we once walked to school; and when we got there, our feet were wet and cold and there was no heat to warm by? Have we forgotten the days when all streets were mud in wet weather and dust in dry weather? When sidewalks were bitter weed paths where bitter weed pollen stuck to your white trousers on Sunday morning as we walked to Church? When the neighborhood store was a place where people convened to whistle, spit on the pot belly stove, swap stories, and the main items of sale were lard, hoop cheese, snuff, coal oil and chewing tobacco?

Have we forgotten the days when eggs were gathered from the henhouse or we didn't have any? When morning and evening chores included milking the cow, feeding the pigs and bringing in wood or coal, when it could be had? Also, cleaning the lamp chimneys and oiling the lamps and after dark, as we went from room to room in our houses, we carried the lamp or we were in the dark? And in cold weather, the fireplace had to be kept going or the house got cold, and in the summer time we either purchased (when they could be found) a palmetto fan or borrowed one permanently from a funeral home or just used our hat to get a little circulation of air? When vegetables had to be picked from the garden or the table didn't provide any?

Have we forgotten when transportation was either by foot, horseback, buggy or surrey, if we could afford it? When family income was almost zero and everything we had to wear was handed down and patched; shoes were considered a luxury item and ironing and cooking was done on a wood stove? Dishes had to be washed and rinsed in hand drawn water, with a frazzled rope and leaky bucket from a well set with pig curbing? Did you ever drop the bucket in the well and have a fish it out, or have a rat drown in the well in dry weather and smell up the whole place? Did you ever shuck and shell corn to go to the grist mill, kill a pig in the corn crib or clean out a stable? Did you ever make a floor scrub brush, using a sassafras block and cornshucks? Catch water in a barrel under the eave of the house to wash clothes? Build a fire around the wash pot, boil clothes, use a battling block or rub board? Hang out and bring in clothes at the very least threat of a shower? Hang them out again when the sun began to shine, to find your best things had mildewed? Wipe sweat with your apron or red bandana? Remember when we had to pick peas, dig potatoes, feed the cane mill, etc.?

I'm sure you could go on, but really now, what are we griping about??

Hancock County Chamber of Commerce

## Forester's Report

The ecological impact of managed forests in Mississippi and other states is evident where once bleak, cutover lands have been restored under a bright, verdant cover of modern tree farms also beneficial to our economy.

A tree farm is a managed forest and there are some 50 million acres of them in the South. Mississippi is the national leader among tree-farming states.

A managed forest involves planting of seedlings, endless vigilance against fire, insects and disease, and periodic thinnings to remove diseased or defective timber so that young trees have sufficient room for sunlight and healthy growth. Trees help provide the oxygen we breathe and renew the supply.

Many of the large Southern tree farms are owned and operated by forest industries, but an increasing number of tree farmers are non-industrial, private owners. They include farmers, conservationists, laborers, businessmen and retired people.

These tree farmers have considerable help from industry, state foresters, soil and water conservation specialists and others skilled in the science of forestry management.

Mississippi tree farming beautifies the rural landscape, to be sure, but it also stimulates the growth of wildlife as well as timber. Of major importance is the commercial value of trees

TO: Editor, Sea Coast Echo

Dear Sir:  
In response to Mr. J. W. Olson's letter published in the Sea Coast Echo, 4 May 1972: The letter was vague and erroneous. Vague, because a lengthy composition was provided lacking substance. The gist of Mr. Olson's letter was, his loss of the job as Service Officer. Erroneous, because this letter was signed, Members of V.F.W. Post 635, of which I am a Member, and do not condone Mr. Olson's dogmatism.

which bring many millions of dollars into Mississippi's economy, providing thousands of jobs in wood-using industries and related activities.

Sound, modern management practices enable the tree farmer to maintain the rate of growth at a rate several times the rate of harvest. Since each harvested tree is replaced by many, a constant as well as permanent increase is assured in both volume and quality of timber standing in the forest. Mississippi benefits in many important ways from sound forest management. Our tree farms are economic and ecological assets not only for us today but for generations to come.

By E.S. Colling

City-County Library Writer

We live in a great country. There would seem to be no need to enumerate its advantages and accomplishments over two centuries, except that one of its products has been a small but malignant crop of fools growing like toads among the healthy and productive wheat. But perhaps, to use Mark Twain's simile, a certain amount of fools are good for a dog by reminding him that he is a dog.

Our fleas are the raucous and pea-brained radicals--or perhaps radicals is too complimentary a title, as many of the world's great reforms were initiated and accomplished by dedicated men and women of vision and practical idealism. Today's obsequious have neither vision nor practical idealism. Their idea of seeking perfection is to obstruct and to substitute immediate top-of-the-head Utopian wishes for well and thoughtfully planned steps of progress. And, of course, they prove their points by lots of noise and senseless vandalism.

A case in point is the current crisis in Vietnam. It is entirely possible that President Nixon is wrong in his policies, but if you were faced with a personal

## County Agent's Notes

John W. Smith-County Agent  
Hancock County

Increased efficient milk production will mean more money in your pocket. Here are some steps to take to achieve this.

Feed your milking herd all the high quality forage they will eat every day and supplement this with the proper protein grain mixture.

Improve your calf raising by shooting for a loss of less than five percent. This will permit culling of low producers and upgrading the herd.

Breed your herd to bulls with high Plus Predicted Difference for milk and fat. On most farms this means using artificial insemination.

Breed most of your cows and heifers for calving at the beginning of the base period, when you receive higher prices for milk.

Enroll your herd on DHIA testing and use your records for better feeding, breeding and management to make money.

Establish a herd health program with vaccination and sanitation and follow it religiously.

Look back by analyzing your records, but think ahead.

SOYBEAN PLANTING  
Planting high quality soybean seed in warm, moist soil is the best insurance against seedling diseases. But seed of low germination planted in fields of known disease problems should be treated with Arasan or Captain.

The variety Hood should always be treated as it is highly susceptible to seedling disease.

## Trumpets In The Morning

by Perry D. Neal, Pastor  
First Baptist Church, Bay St. Louis

PERSECUTED BUT NOT SILENCED (ACTS 5:17-32)  
The high priests and the Sadducees became extremely jealous of the popularity of the Apostles so they decided to take action. They arrested them and placed them in the public prison. That night an angel of the Lord opened the gates of the prison, let the Apostles out and told them to go back to the temple and tell the people about the good news of life in Christ.

The next morning the Council gathered and sent officers to the prison to bring the Apostles before them, but the guards returned and not men. Then they reported that, though the prison was locked and guarded, the Apostles had disappeared from within the walls. Simon Peter said we and the Holy Spirit are witnesses to these things. He declared that came in who said that the God gives His Holy Spirit to all

## Retired Form Chapter

The local chapter of A.A.R.P. known as the Hancock County Chapter of Miss. was formed Monday May 15 at the V. C. Jones center on Old Spanish Trail road.

Fred Fisher was elected president and the National By-Laws were adopted.

Fisher presented Bay C. Hopkins, associated area vice-president, area IV of the American Association of Retired Persons who spoke concerning goals of A.A.R.P.

The meeting was attended by 67 persons, a majority of whom belong to the National Organization and now are members of the local chapter.

who obey Him.

In spite of the threat against their lives, in spite of the shame of being confined to the public jail, the Apostles refused to be silenced.

We know nothing of this kind of public persecution, but we hesitate to give our witness because we are afraid of ridicule. The experience of the Apostles should convince us that God is always on the side of those who boldly witness for Him.

## Library Bookmobile To Increase Service

Beginning June 6 the City Council Public Library will provide increased bookmobile service for Hancock County. The bookmobile will travel to all areas of the county on a weekly basis, replacing the current bi-weekly schedule. Mrs. Mildred Means, bookmobile librarian, urges all county residents to note time changes in the new schedule and to remember that the bookmobile will now be at each regular stop at the same time EVERY WEEK.

Children throughout the county in grades 1-5 may register for the Summer Reading Program after June 1 on the bookmobile. The theme for this year's program is

"Keeping America Beautiful." Reading certificates will be given to each child when he has read eight books. The new weekly bookmobile schedule is aimed at encouraging all children in the county to participate in this year's Summer Reading Program. Beginning June 6 the new weekly bookmobile schedule is as follows:

**EVERY TUESDAY**  
9:30-10:00 - Gulfview Haven Nursing Home; 10:20-11:00 - Clermont Harbor (Alvin Ladner's Store); 11:10-11:40 - Lakeshore (Across from Lakeshore School); 12:00-12:30 - Oak Harbor; 12:40-3:00 - Pearlington (Davis' Store); 2:05-3:15 - Pearlington (Summer's Store); 3:20-3:35 -

White Harbor Road (near Randall's); and 3:40-4:10 - Belle Isle.  
**EVERY THURSDAY**  
9:30-10:00 - Fenton (Earl Cuevas' Store); 10:15-10:30 - Standard Community (J. Q. Ladner's Store); 10:35-10:55 - Standard Community (Warren's Store); 11:00-11:20 - Standard Community (Martin's Store); 11:30-12:00 - White Cypress (Curve Ladner's); 12:15-1:00 - Necaise Crossing (Oscar Peterson's Store); 1:30-2:00 - Crossroads (Floyd Smith's Store); 2:05-2:30 - Caesar (Palmer's Store); 2:45-3:15 - Flat Top Community (Mrs. Eccle's); 3:30-3:50 - Picayune Highway (Seal's Garage); and 4:10-4:30 - Rocky Hill Community (Parker's Grocery).  
**EVERY FRIDAY**  
9:15-11:15 - Kiln (Post Office)

### ROTARY OFFICERS

The Bay St. Louis Rotary Club held an election at a recent meeting, and the following officers were elected for the coming year: Gus Uram, president; Talmadge Rayhorn, vice-president; Carl Smith, secretary-treasurer; Hugh Miller, sergeant-at-arms.

Chosen to serve as directors for the 1972-73 term are Orrin Pikey, Perry Gibson, Robert Hamilton and Richard Thomas. Fred Wagner is immediate past president of the organization.

### Wrong Figure Reported

Cost of operating the county sanitary land fill, located near Bayou Lacroix in the buffer zone, was erroneously reported in last week's report of a supervisors' meeting.

Cost figures for the land fill as submitted by Chancery Clerk John Rutherford was reported as an annual figure, rather than per month.

Rutherford said operational expenses for the land fill have been averaging \$2,449.91 a month, as compiled over the past six months. The total six-month cost, Rutherford said, was \$14,699.46, and is expected to run about \$30,000 for the year.

The major portion of the expense, he stated, is attributed to maintenance repairs on the heavy equipment used daily on the site.

### PARENTS CLUB

Our Lady of the Gulf Parents Club will hold its final meeting of the school year at 8 o'clock tonight in the cafeteria.

Entertainment for the evening will be furnished by Mrs. Nell Brown and her Pink Panthers, a group of Long Beach junior high baton twirlers.

Election of officers for the coming year will be held. All parents are urged to attend.

### Nurse Completes Coronary Course

Jamie Arnold Brown has completed a coronary care course for registered nurses at University of Mississippi Medical Center, Jackson. Chosen by Gulfport Memorial Hospital nursing department and staff doctors of the Coronary Care Unit to take the course, she received second place honors upon receipt of her certificate.

Mrs. Brown attended St. Joseph Academy and graduated from Bay High in 1968. She received her R. N. training at Jefferson Davis Junior College and is presently employed in the coronary care unit at Gulfport Memorial.

Daughter of Mrs. Mary Drew Arnold and the late James Arnold, Mrs. Brown and her children, Mark and Lisa make their home in Bay St. Louis.

### DEER RANCH

Our Lady of the Gulf Kindergarten class enjoyed a visit to Deer Ranch, Biloxi, May 10. Following a round of petting and feeding the deer, the group had lunch in the Red Dog Saloon.

Members of the class attending were Kris Geroux, Brian Morreale, Robert Peranich, Matt Stieffel, Billy White, Breezy Letellier, Melissa Bradford, Tyla Brady, Theresa de Ben, Deana Demoran, Michele Edmondson, Christine Gleber, Tari Goodsell, Jennifer Haas, Teresa Holland, Jane Ladner, Richard Maurigi, and Michelle Van Peski.

Accompanying the group were Kindergarten teacher, Mrs. Sandra Compretta and daughter Amy; Mrs. Gloria Holland and daughter Lisa; Mrs. Ranez Morreale, Mrs. Ann Ladner and daughters Carol and Mary; and Mrs. Jean Van Peski.

## VFW Post Installs Officers

Kiln VFW Post 6285 and Ladies Auxiliary held a joint installation of officers Saturday at the Annunciation School in Kiln.

First District Commander Michael Ladner acted as installation officer for the post. Dist. President Mrs. Mattie Mitchell was installation officer for the Ladies Auxiliary. Outgoing Commander Gerald L. Long acted as conductor for the ceremonies, and Mrs. Norma Bonney served as conductor for the Ladies Auxiliary.

Officers installed for the VFW post were Harold Cospelich, Commander; Wallace Haas, Senior Vice-Commander; Hugo Vernon Haas, Junior Vice-Commander; Louis Maloney, Quarter-master; Thomas Bruce Cain, Surgeon; Leroy Lee, Judge Advocate; Donald Mauffray, Chaplain.

Ladies Auxiliary officers are as follows: Mrs. Kathleen Favre, President; Mrs. Sarah Long, Senior Vice-President; Mrs. Elolse Shlyou, Junior Vice-President; Mrs. Doris Ladner, Treasurer; Mrs. Roberta Thomas, Chaplain; Mrs. Veronica Schuler, Conduetress; Mrs. Edna Mikouille, Guard; Mrs. Jeanette Lind, Three-year Trustee; Mrs. Elizabeth Mallina, Two-year Trustee; Mrs. Agnes Thomas,

One-year Trustee.

A special plaque was presented to Mr. and Mrs. Juan and Juanita Martinez for their outstanding work and help to the VFW in the past year. The Martinezs are leaving soon to make their home in Spain.

1st Dist. Cmdr. Michael Ladner presented Cmdr. Cospelich a gift of a radio for

outstanding service to the post in the past year. Special guests attending the ceremony included State Representative Earl E. Ladner, Jr. and State Senator Ben Stone from Gulfport and secretary Terry Elener.

A fish fry dinner followed the installation ceremonies, at the VFW home in the Kiln Community.

## IN MEMORIAM

In loving memory of John M. Favre  
 Who passed away May 22, 1971.

Your gentle face and patient smile  
 With sadness we recall  
 You had a kindly word for each  
 And died beloved by all  
 The voice is mute and stilled the heart  
 That loved us well and true  
 Ah, bitter was the trail to part  
 From one so good as you

You are not forgotten loved one  
 Nor will you ever be  
 As long as life and memory last  
 We will remember thee  
 We miss you now, our hearts are sore  
 As time goes by we miss you more  
 Your loving smile  
 Your gentle face  
 No one can fill your vacant place

Sadly Missed by:  
 BROTHERS, SISTERS,  
 NIECES AND NEPHEWS.

## Costa Rican Jaycees Pay Visit To Area

The Bay St. Louis Jaycees hosted four Costa Rican Jaycees last weekend. They were Jose L. Luis Barquero Munoz, Cesera Romero Talavera, Jose Rolando Olorala, and Luis Enrique Hernandez.

During their stay here they were guests of the Ramada Inn. They were treated to dinner and dancing Fri. night. Sat. they toured the city and points of interest along the Coast, and were shown how the Bay St. Louis Jaycees operate. There was a Bar-B-Que held in their honor at the home of Mr. and Mrs. Roger Davis, with the Jaycees and their wives attending.

James Bounds reads the future. To predict the kinds of telephone service people will be needing in south Mississippi. He is forecast supervisor for our Gulf Coast and Hattiesburg districts. And his predictions are often 98% accurate. But even his best reading of facts and figures can't allow for that trailer park springing up overnight. Or a new apartment complex. A special housing program. Or Camille.

The way James reads the future guides our engineers. In planning and building. And our budget people who have to look ahead for the money. It all has to be done 3 to 5 years before the work actually begins. That's why telephone growth can't happen overnight. So James Bounds is looking ahead for you.

## Equipment Offered

At a meeting of the Junior Police Association Saturday, Police Chief Carbonette told youthful members that the Bay St. Louis Park and Playground Commission had offered athletic equipment such as baseball and volleyball equipment to the police department for Junior Police. As soon as Commagere Park, adjacent to the station on St. Francis and Booker streets, is officially opened by the city, Carbonette said teams would be organized and games scheduled. The community recreation area, developed by Operation Upturn, will be the location for a number of planned recreational activities for the JPA, Carbonette added. Also at the meeting, JPA members heard a lecture on traffic rules and laws as well as a discussion of the city's youth curfew law. The next meeting is scheduled for May 27, 10 a.m. at the police station.

- Veteran of U. S. Army, World War II, Bronze Star, European service.
- Admitted to the Bar August 19, 1952; practicing attorney almost 20 years; member Mississippi and American Bar Associations.
- Served in Mississippi Legislature 1949-1952.
- Married to former Donnis Thompson; 2 sons; 2 daughters; Baptists.

"I believe in doctrines of peace and tranquility, law and order with a feeling for all of our people — teen-agers and elderly alike, so that our district will be the best place in the state and nation in which to live."

BILL ANDREWS is

familiar with all segments of our economy and government, having served in the legislature, represented the Board of Supervisors, Board of Education, and municipalities from the local to the state level, as well as practicing law for almost 20 years in all of our courts, State and Federal.

"I shall represent the average American who desperately needs relief from high taxes and spending abroad. In seeking the office of Congressman from the Fifth District, which is in the hands and control of the people of all classes, I do so without selfish motive or monetary purpose without any strings or obligations, with the only objective being to serve the people of our Congressional District."

## Bay Firemen Need Bedspreads

An opportunity has arisen for the residents of Bay St. Louis to return a favor to their new fire department.

Six spreads are needed for the bunkbeds, an item not covered by department equipment funds. Through a method well known to military men, Chief Richard Fayard managed to acquire (at no cost) six bunkbeds for the dormitory room where the men on duty sleep, and firemen pooled their own resources to buy bed linens. A little more snagging and cooperation of a local merchant produced

carept runners for the room, but six bunk spreads were out of reach.

Six matching spreads were found on sale at a local store, but the only color available was pink! The unanimous decision was that no spread was better than pink.

The need for the spreads is not just esthetic. Two firemen are on duty every 24 hours and there are always at least two volunteers spending every night at the station for assistance. Spreads are needed for warmth in the air conditioned station.

(Photo by Ed Fayard)

Any suggestions, or better, for the problem will be gratefully received at the fire station. Call any time day or night — there's always someone there.

**PARISH FAIR**  
Annunciation Parish, Kiln has scheduled the Annual Parish Fair on July 15 and 16. On Friday night, July 14 there will be a Fish Fry, to get the Fair off to a good start.

Something new is being added to the Annual Fair this year in the form of a contest for Parish Fair Queen. All girls of the parish between the ages of 16 and 19 years are eligible to run for Queen. The one bringing in the most votes, at a penny a vote, will be crowned Queen on Sunday night, July 16 at the Teenage Dance. The other contestants will be maids. All girls will wear formal. The escorts will wear suits or sport coats. Earl "Buck" Ladner will crown the Queen.

The usual booths, shooting match, dinner and softball games will be available.

Chairman and co-chairman for this year's event are J.C. "Peck" Mauffray and Yvonne Ladner.

**ECHOES**

## POLICE REPORTS

Bay St. Louis responded to 45 calls in the week of May 10 through 16.

In that period, police recovered a stolen motor bike and an automobile.

A Honda 150 stolen April 29 from a resident of the Bay Royale Apts. was discovered Saturday by City Building Inspector E. D. Johnson in a wooded section of Uman Ave. Police Chief, William Carbonette and Ptn. Alvin Favre recovered the motor-bike and returned it to the owner.

Also on Saturday, Bay Police were notified by Kansas City, Mo. police that they were holding a 1965 Chevrolet, stolen in Bay St. Louis last week. The car's owner, Mark Williams, had reported the car had been taken last week when he was working at the Carnival in the Winn Dixie shopping center.

Bay police also responded to three false burglar alarms, and escorted two funerals in the past week.

New speed zone signs have been erected on Booklet and St. Francis Streets, according to Chief Carbonette, for traffic control by Commagere Park. The park, which is now completed and open for use, is situated behind St. Stanislaus ballpark and bounded by the two above thoroughfares. The speed limit in the area is now 10 miles per hour and offenders will be prosecuted, Carbonette said. Similar signs have also been erected on Dunbar St. by the police department.

## FIRE REPORT

The Bay St. Louis Fire Department made three rolls in the week of May 10 through 17.

May 10 - Training run for fireman Robert Gavaglia.

May 12 - Public assistance run for Senior Citizen's Assn., to assist ill citizen stranded in home through flooded yard.

May 13 - Public assistance to City Utilities Dept. attempting to clear obstructed culverts causing flooding in area of Sycamore St. and the railroad.

The incident was also used for equipment training for firemen Robert Andrews, and volunteers Greg Richardson and Donald Freeman who worked with city crews for five hours to alleviate flooded conditions.

Fire Chief Richard Fayard has announced plans are underway for a Fire Department Open House, scheduled for Sunday, May 28 at which time the new quarters and equipment will be on display to the public. City commission council members will be on hand, Fayard said, as well as other area elected officials. More details of the Open House will be announced next week, Fayard said.

CHER'S RESTAURANT on Railroad Ave. in Bay St. Louis offers dining every day from 10:30 a. m. to 10:30 p. m. except Tuesday. The recently opened restaurant is operated by Mr. and Mrs. Jack Seuzeneau.

## Firemen's Group Approves By-Laws

A constitution and by-laws for the newly-formed Hancock County Fireman's Association were submitted and approved by members at a recent meeting of the organization, held at the Hancock Chamber of Commerce.

George Cleary, chairman of the Chamber Fire Prevention Committee read the constitution and by-laws to committee members present, and a decision reached to submit the two forms to Jackson for documentation.

Names of Miss Flame contestants representing the various fire departments in the association were submitted to the committee by Cleary for approval.

At a meeting May 3, four of the young ladies competing, accompanied by their parents, met with Cleary and association members to discuss plans for the final competition, slated for October as an event of the County Fair.

The four teenage girls presented at the meeting were Diane Edwards, 405 Main St., Bay St. Louis; Lauren Turcotte, 143 Waveland Ave., Waveland; Judy Dorman, Bayville Park, and Donna Bilbo, of Kiln. Contestants representing the Clermont Harbor and Pearlinton Volunteer Fire Departments were unable to appear at the May meeting, Cleary told the gathering, but will be introduced at a later date.

The next meeting of the Firemen's Assn. is scheduled for June 1, at the Waveland Volunteer Fire Dept. station.

Cardinal Mario Casariego, C.R.S., of Guatemala was a recent guest of Mr. and Mrs. Elus Depreo, of Bay St. Louis. While visiting the Depreos, Cardinal Casariego toured Divine Word Seminary and celebrated Mass for the Sisters of Our Lady of Guadalupe who are stationed at the seminary. He also toured the new administration and classroom facilities at St. Stanislaus and visited with two students from his country, Cisco and Rodrigo Lizzaralde. Mayor Warren Carver also made Cardinal Casariego an honorary citizen of Bay St. Louis in a brief ceremony at city hall.

Rev. Gregory Johnson pastor of our Lady of the Gulf extended greetings from Bishop Brunini and Bishop Gerow to Cardinal Casariego on behalf of the people of the diocese of Natchez-Jackson.

## B-W Garden Club Installs Officers

Mrs. Gordon Gleim was installed president of Bay-Waveland Garden Club Thursday afternoon at its final meeting of the year held in the Garden Center.

Others taking office were Mrs. Augustus Elmer, first vice president; Mrs. Dan M. Russell Jr., second vice president; Mrs. Herman Mazarakis, secretary; Mrs. J. C. Baxter Jr., corresponding secretary; Mrs. Hilaire Ogden, parliamentarian; and Mrs. A. G. Dantagnan, historian.

Mrs. Waldo Otis, installing officer, presented each new officer with a flower symbolic of her office.

Mrs. George L. Seuzeneau Jr., outgoing president, who was presented a plaque and a carnation corsage in the Club's colors, white and lavender, in

appreciation of her leadership during the past two years, was also given a rising vote of thanks from the membership.

Mrs. Seuzeneau responded by thanking her committees and members for their cooperation during her tenure of office.

In her report of the State Garden Club convention in Cleveland, Mrs. Seuzeneau noted Bay-Waveland Club was one of seven selected from 40 Gulf Coast Council of Garden Clubs, to receive an excellent rating. The Club was also one of two clubs in the state to receive a blue ribbon for flower achievement in the 1971 spring flower show.

Bay Junior High Mary Golds received a cash award which is presented annually by the Hollandale Garden Club to the most outstanding junior

garden club in the state. This recognition was for the school year 1970-71. Also received was a certificate of merit; special mention was made for their outstanding work involving youth of the community in their projects.

Bay-Waveland Club was the recipient of the horticulture award for sponsoring three students, members of Bay High Tiger Lilies; to the 1971 horticulture summer seminar at Mississippi State University and was a second place winner in the Hands Projects Scrap book in the Coast Council. The book has been entered in National competition where it will be judged with the top 10 on a population level.

The Club will again sponsor two students to attend the 1972 Horticulture Summer Seminar through contributions made by

Hancock Bank and Mrs. O. Duke. Selected were Mary Ann Schindley and Bea North.

The Garden of the Month plaque for May went to Mr. and Mrs. Charles Breath Jr., North Beach.

One of the highlights of the meeting was the presentation of a state life membership to Mrs. Waldo Otis, only charter member who is still active in the club, for her participation in the Garden Club since its founding.

Historian, Mrs. C. R. Beyer's report of the groups work during the year was read by Mrs. Rene de Montuzin.

A memorial plaque to Mrs. Lep Seal, past president and founder of the club, was hung in the center.

Following the business session, Mrs. J. H. Duggan, hostess for the afternoon, who in turn presented her co-hostesses, Mesdames A. S.

Klempeter, Terry Malone, Herman Mazarakis, Frank Whitmough, Richard Sallinger and William P. Hilliker. Mrs. Claude Tracey, new member, was welcomed by the group.

There were 38 members and six guests; Mesdames Edward Maurice, E. C. Sullivan, Howard Haynes, Irby Charming, Laverne Smith and J. H. Plunkett, attending. Mrs. Gleim and Mrs. Seuzeneau presided at the tea table which was centered with an arrangement of spring flowers.

We hope that some of the young men of this area are reading this and will give the following message some thought.

The current thought of many individuals such as yourself is how to help others by improving their present standards—intellectually, morally, socially, economically. Our field of work centers around education. Needed are young men who are unselfish, flexible, willing to help others and most important willing to dedicate themselves to the teachings of Jesus-Christ.

If you are interested in helping young people as a teacher, counselor, prefect, camp director or missionary contact me at the following address:

Thomas Jefferson

### Why are they stars?

A European immigrant to this country many years ago was asked to swear allegiance to the flag. He readily accepted the traditions and customs of his new country, and as he stood gazing at old glory flying in the breeze, he saw nothing particular "significant" about the stripes - but in the "stars," he did. Stars in a flag... did they have some special significance?

Knowing something of this country's struggle for democracy, he couldn't believe that the stars had just happened in the flag. He knew that in ancient Egypt, India and Persia, the star was a symbol of sovereignty and dominion.

Neither word seemed democratic to him. He soon learned that the "star" represented each state of the union in a blue field representing a new constellation.

STARS, yes stars in the heavens... signaling to all mankind the birth of the first nation on earth dedicated to personal and religious freedom, where the oppressed could take refuge and enjoy Life, Liberty and the Pursuit of Happiness.

The symbolism of the stars later prompted this new American to quote the words of an old astronomer's words to his pupil, Galileo:

"Why should we who have so loved the stars... be frightened of the dark?"

## Shriners Plan Hospital Observance

The red-tipped Shriners are going to give a party!

Sunday, May 21, will be observed as International Shrine Hospital Day for the 22 Shriners Hospitals for Crippled Children throughout the United States, Canada and Mexico.

Fifty years ago, the Shriners opened their first hospital in Shreveport, La., and launched the greatest chain of privately-owned hospitals devoted to the treatment of child orthopedic and burns patients. This year also marks the 100th birthday, called "Shrinetennial," of the founding of the international order, which had its start in New York City. Today the membership is nearly 900,000 strong.

Called the "world's greatest" and most rewarding philanthropy, Shriners Hospitals are open to children of all races and creeds. Without charge, patients from infants through the age of 15 receive the most excellent medical attention from a few days to several years' duration.

"Miracles" are practically a daily occurrence in Shriners

Hospitals, which are supported by both Shriners and non-Shriners alike. Nearly 160,000 patients have received medical treatment at Shriners Hospitals and have been returned to useful lives in society, either cured, or aided materially.

Last year alone (1971) the Shriners' "Temples of Mercy" performed 12,950 surgical techniques, applied 16,993 casts and 5,942 braces, and gave treatment to a total of 27,243 patients. An annual budget of approximately \$25,000,000 is necessary for the 22 Shriners Hospitals.

The first of three Shriners Burns Institutes was opened in Galveston, Texas in March 1966. Others are located in Boston and Cincinnati. All three have the finest and most modern treatment available for burn-injured children. Since 1966 there have been nearly 4,000 admissions. Burn cases will cost the Shriners, but not the parents or patients, an average of \$12,000, while orthopedic cases average about \$1600 each.

Shriners Hospitals are active in research, both in orthopedic and burns. A few of the projects include "germ-free" wards; beds, appliances and reconstructive surgery for burned patients; application of zinc sulphate to aid healing of burn victims; and combating the lung syndrome of burn patients.

Future specialists in both orthopedic and burns fields are being trained in Shriners Hospitals. Imperial Potentate C. Victor Thornton of Fort Worth, Texas, says that "Shriners Hospitals have trained one-third of the orthopedic surgeons practicing today, including several from abroad. This policy is also in effect in Shriners Burns Institutes and in the future we will be able to point to the

number of specialists in this field who have been trained in Shriners Burns Institutes."

"Medical authorities tell us," says Harvey Baffa, Past Imperial Potentate, of St. Louis, and Chairman of the Board of Trustees of Shriners Hospitals, "that our Hospitals continue to have an important impact. We will leave nothing unturned to make certain that Shriners Hospitals will continue to make notable contributions to the field of medical science, and that our little patients receive nothing but the finest medical treatment in the world."

Seventy-five percent of all burn cases can be prevented, according to Shriners burns doctors. They list the five major causes of burn accidents as gasoline and other flammable liquids, faulty heaters and fireplaces, scalds, matches and both trash and outdoor fires, including home barbecues.

International Shrine Hospital Day will be celebrated throughout North America with Open Houses, Shrine pageantry and music, and other birthday activities. In addition to the year 1972 marking the 100th birthday of the Shrine, the 50th anniversary of the opening of the first Shrine Hospital, the year marks the 10th anniversary of the Shrine's decision to build and operate three Shriners Burns Institutes.

Shriners Hospitals are located in Chicago, Erie, Pa.; Greenville, S.C.; Honolulu; Houston; Salt Lake City; Lexington, Ky.; Los Angeles; Mexico City; Montreal; Philadelphia; Portland, Ore.; St. Louis, Mo.; San Francisco; Shreveport, La.; Spokane, Wash.; Springfield, Mass.; Minneapolis; Winnipeg; Boston; Cincinnati and Galveston.

In cutting down burglaries, the electric pen engraver is mightier than the gun (or in Lincoln's word, the sword). The word is spreading quickly in crime prevention groups all over the country that the best defense against the increasing offense of burglary is identification on items which burglars most like to steal.

Chicago police were briefed on the plan — Operation Identification — at a recent seminar on crime prevention held in Louisville. The plans call for the use of this newest crime

fighting weapon, the electric engraving pen.

Community groups and business, including banks, are supplying pens for the purpose, plus decals which warn would-be burglars that "all items in this home are marked for fast identification by law enforcement agencies."

Experience in other cities where similar plans have been tested, indicate that burglars steer clear of houses where valuables have been identified for two big reasons: stolen items bearing the identification (usually the owner's driving li-

ense number) are hard to sell, and marked stolen goods are easy to trace and prosecute.

In some cities like Jacksonville, Fla., Operation Identification has been launched by the police with the sanction of the Jacksonville Sheriff's office. Items that police suggest are best for identification include radio and TV sets, cameras, projectors, bicycles, tools, lawnmowers, snowblowers, even some jewelry.

It all began in Monterey Park, Calif., in 1963, where Operation Identification proved the effectiveness of this neat little weapon. Of 6,000 homes that didn't participate in the program, more than 2,000 have been burglarized since its inception. Of 5,000 homes that used the electric pen engraving, only 20 were burglarized.

Nick Anton, President of Wen Products, manufacturer of the electric pen engraver, says this tool makes it possible for every dealer, every community organization, and every business to become a crime prevention center and an ally to law enforcement agencies everywhere.

## Making a better living in South Mississippi:

A statement by Daniel D. Guice  
candidate for Congress.

Before I ask you to vote for me, to represent you in the Congress of the United States, you are entitled to know what I stand for. What I intend to do.

To me, there is one over-riding problem in South Mississippi. It is a problem that has deeply

concerned Governor Waller, Senator Eastland, Senator Stennis, and Representative Colmer. This is the problem of building up our economic base in South Mississippi.

It is still too hard for too many of our people to make a living.

Tens of thousands of our working people still work hard all their lives and never get a few dollars ahead. They may appear to be well off; they have a car and a nice home and their children are well dressed and well cared for. Yet even a small emergency can be a threat to their security; to their home.

Too many heads of families are working at two jobs in order to make ends meet. Others sacrifice to start a business, and years later are still struggling to keep that business alive.

There are not enough jobs in South Mississippi. There is not enough cash flowing from hand to hand.

People have to think too long before they let loose of a dollar.

The solution is to build up our industrial base. We must encourage shipping, ship-building, tourism, pulpwood and lumber, poultry, fisheries, and cattle. We must attract new, clean, high-paying and permanent industry, such as electronics, plastics, and clothing manufacturing; furniture, instruments, machine parts, specialized vehicles, appliances, household products, foods, and many other desirable industries, for which many of our up-district counties provide ideal sites and good labor forces.

Without such tax-paying industry, our tax base is too narrow. A heavy burden falls upon the individual.

This is why people are voting down school bonds right now. They are not against good education; they are simply rebelling against intolerable taxes in the only way open to them. We pay the seventh highest tax rate in the fifty states, yet our per capita income is still among the lowest.

This is why, as a legislator and a mayor, I have been fighting to bring more industry to South Mississippi.

Unless we do this, we will not be able to save our

streams and marshes, improve our roads, enlarge our schools, or make more parks.

A man can't think about others when he's worried about himself. Or think about the future when he's afraid of the present.

Some people are afraid of the changes that industry might bring. But there is much greater danger in doing nothing. Or doing too little. Last year I happened to be talking with a large graduating class from one of our colleges, and I found that only two of these fine young people were coming home to make their careers. All the rest were leaving Mississippi.

We could not provide the opportunity to use the skills and knowledge they had acquired. Imagine the loss to our State of Mississippi!

We must make it possible for our sons and daughters to come home; to raise their families here, and make their contributions to the progress of our State.

In the coastal counties we have made a good beginning, building up the tourist, shipbuilding and manufacturing sectors of our economy with the aid of Federal funds. These efforts are beginning to show substantial results, in more jobs, higher wages and salaries, more tax receipts and a healthier business atmosphere. Litton, for example, in Pascagoula, now employs 17,200 Mississippians, and by 1974 will employ 27,000 people from all over our Fifth Congressional District.

But we need stricter laws to protect our environment as we build. Laws with teeth. This applies especially to our rivers, bays and marshes, which can be so easily polluted by the wrong kind of industry. At the same time, we must provide financial help to our existing industries where needed, to enable them to comply fully and willingly with environmental laws without endangering their financial position.

Can we do all this by ourselves? No. To "go it alone" means to go broke.

We must have Federal funds for industrial parks, port facilities, modern sewage disposal, adequate roads, clean water, housing and other capital outlays necessary to compete for modern industry.

Where plans are sound and well presented, we have been able to obtain Federal funding on projects which would be absolutely out of the question for the municipality or even the state. We have been able to carry out these projects without interference, as the community wanted them done.

So, let us build South Mississippi. Let us not hesitate to get some of our own money back from Washington.

It is a good investment for Uncle Sam. A prosperous South Mississippi pays more taxes, and contributes more to the total national product.

This will be the thrust of my activity on your behalf if you elect me to Congress. If you agree with me, I ask for your vote on June 5th, and in the second primary and the general election. I have the experience, the record and the determination to make your vote count in the progress of South Mississippi.

Write to me at the address below. I will be happy to hear from you on any of the issues in this campaign.

Sincerely,

Daniel D. Guice

Post Office Box 365 Biloxi, Miss., 39533

ED MELANCON, JIM AMENTA and Jim Piland left to right, won the boy's singles and doubles championships at the District 8 Championship held at Keesler Air Force Base. All three are students at St. Stanislaus.

The St. Stanislaus doubles team, Piland and Amenta, District 8 doubles Champions, won their first match at the State Tennis Championship last Friday at Battleground Park in Jackson by beating the team from Horn Lake 6-3, 6-0; but lost in the second round to the doubles team from Aberdeen 3-6, 4-6. Melancon, the District 8 singles Champion, also from St. Stanislaus beat Tim Boswell from Oxford 6-0, 6-1 in the first round but lost to David Newman of McComb in a very close match 4-6, 6-8 to be eliminated in the second round.

## 4-H's in Bread Program Doing What Comes Naturally

**SPECIAL** — With the current food scene filled with words like "organic" and "macrobiotics," young people are experimenting more and more with the old-fashioned art of bread making. "Bread making is a part of the 'return to the natural movement,'" says Miss Lois Howard, National 4-H Service Committee home economist. "And everybody appreciates the tantalizing aroma of freshly baked bread."

There are over 650,000 young people learning to perfect the techniques of baking through enrollment in the 4-H bread program supervised by the Cooperative Extension Service.

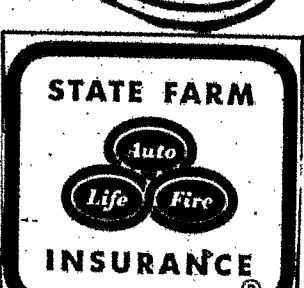

Sponsored nationally by Standard Brands Incorporated, boys and girls discover the importance of bread in their diet every day and have the fun of preparing tempting, nutritional yeast breads for their family and friends.

Besides the pleasure of eating the results of their efforts, the 4-H members may receive other benefits as well. Standard Brands' sponsorship includes incentives and recognition culminating in educational scholarships of \$700 each for six national winners in the bread program.

State winners receive an all-expense trip to the 51st National 4-H Congress in Chicago, Nov. 26-30. And up to four medals of honor are offered in each county.

One of the 1971 national winners was Bill Kuntz, 17, of Indianapolis. The only boy among the scholarship winners, Kuntz has produced scores of Santa Claus cakes, gingerbread houses and a dozen different kinds of yeast breads from raisin and rye to sweet rolls and stollen during his eight years in the project. The young baker has a collection of more than 60 cookbooks, including one which

carries one of his own recipes. Another of last year's national winners was Deborah Ann Soper, 18, of Westminster, Md. Excelling in baking almost all varieties of yeast breads, Miss Soper began her own countywide bread workshop for nine to 12 year olds. She tried to limit the workshop to eight youngsters but was forced, because of its popularity, to double the enrollment. For local information concerning the 4-H bread program, contact the county extension office.

## Raisin Energy Days Are Now

National Raisin Energy Days are being celebrated now to mark the start of the warm weather sports season. Naturally sweet raisins are a wholesome source of energy for the more strenuous activities of summer. Snack packs of California raisins are so convenient to take along for all outdoor sports and expeditions. At home, keep raisins out in a 4-oz. handy for healthful between-meal snacks for the youngsters. Kids love raisins. And everyone loves raisin cookies. Fudgy Raisin Honey Chocolate Drops have tempting tangy-sweet flavor that's great with a glass of milk or a sherbet float. The recipe is quick and easy.

**RAISIN-HONEY CHOCOLATE DROPS**

1 cup shortening (half margarine)	2 1/2 cups sifted flour
1 1/2 cups honey	1 teaspoon baking powder
2 eggs, well beaten	1/2 teaspoon soda
2 (1-ounce) squares unwaxed chocolate, melted	1/2 teaspoon salt
1 1/2 cups uncooked quick cooking oats	1/2 cup raisins
	1/2 cup chopped nuts (optional)

Blend together shortening and honey. Blend in eggs. Stir in melted chocolate and oats. Mix in flour resifted with baking powder, soda, salt and cinnamon. Blend in raisins and nuts. Drop by teaspoonfuls onto greased baking sheets about 1 1/2 inches apart. Bake in moderately slow oven (325 degrees F.) about 20 minutes. Remove to wire racks to cool. Makes about 6 dozen cookies.

It really works.  
Help it.  
Work.

## KANTCHA KETCHUM

By L.S. (Doc) Elliott

No one grumbling about the weather. Might as well take it as it is. Fishermen experienced another rotten weekend for fishing. High winds, abnormal tides and rain caused fishing to be practically impossible. Very few speckles and bass were caught. The same thing applied to crabbing, soft crabbing, frogging and floundering.

Speaking of frogging there is a closed season in April and May each year in Louisiana. Frogs cannot be speared in that state. They must be caught by hand or with a hand grabber. The skin must not be broken. Have been seeing plenty of frogs in most bayous and pot holes both in Miss. and La. Some good frogging should be from now on. If you like frogs they are easy to get. It is fun catching them, too.

Richard Toribio is a mixologist at Haverty's Lounge and restaurant in Waveland. He lives at Clermont Harbor. Is a retired banker and enjoys fishing and does a lot of it. A nice fellow to know.

Adam Larmeu was bragging about the 4 lb. speckle he caught at Cedar Point. The catch was witnessed by Sam Niglasio. Adam's fishing partner is George Lewis who has a boat "The Morning Star." Adam and George do quite a bit of fishing. The boat is kept in excellent shape.

Hubert Seals, Sr., and Charles Seals, Jr. do their share of fishing. They have a camp on 4 Dollar Bayou. They caught some large croakers up Bayou La Croix last week. Catch speckles when they are in.

Felix Seeger and his two sons, Kevin, 13 and Gary, 8, are ardent fishermen. The three know their fishing and get their share of the finny tribe.

Verne Shaw has a home in Waveland. He enjoys fishing and goes on every occasion.

Ella F. Jensen is one of our best lady anglers. She does most any kind of fishing. Gets her share of fish, too.

Eugene Dormain has a summer home in Waveland. He with Terrell Bourgeois and Connie Berger caught fish at 3 Oak Bayou recently. They put on a fish fry at Clarie's Lounge for their friends. You can bet none of the fish were left over.

Nicholas Schneider is another of our local fishermen. Nick is a fishing partner of Adam Larmeu. Together they make a good fishing team.

Retis King, retired from the U.S. Marines, lives here. Retis loves hunting and all kinds of fishing, especially deep sea fishing. He is a real sport.

Philip Mollere and his two brothers, Brian and C. B. are all hunters and fishermen. They hunt and fish, bringing home all kinds of game when the season's are open and any kind of fishing when they are hitting. They take behind their Dad, Brewster Mollere when it comes to enjoying the outdoors.

Bud Thomas had an unusual experience while working on the highway bridge as a toll keeper. He was given a nice fish by a bus driver. The fish was hooked on the bridge and thrown on the seat of the truck

Clarence (Butch) Baughman loves to fish, soft crab and what have you. Any sport is good, said Butch.

Was a pleasure talking to Mr. Chas. Russ and Clifton Murphy. Both hail from Pearllington. Do both fresh and salt water fishing. They have been doing it for a long time. Pearl River is their favorite fishing territory.

Rather cute: A 4-year old boy was fishing through a crack in a wharf. Someone asked why he fished that way. The boy said if I catch Lunker he can't pull me through. Picked up after a day of hard fishing.

I have been asked on several occasions what is the law regarding crawfishing in Louisiana. I am reproducing a letter received from the La. Wild Life and Fisheries Commission which is self explanatory:

Mr. L. S. Elliott  
304 South 2nd Street  
Bay St. Louis, Mississippi 39520

Dear Mr. Elliott:  
Your letter of May 4, 1972 requesting information on crawfishing in Louisiana, has been referred to me for reply. No license is required for crawfishing in Louisiana, regardless of whether the person is a resident or non-resident of Louisiana.

If we can be of any further assistance, please let us know. Sincerely yours,  
Harry E. Schafer, Jr. Chief  
Oysters, Water Bottoms and Seafoods Division.

The crawfish dinner given Saturday by the American Legion was a success. There was a big crowd in attendance and the crawfish were big and delicious.

Country music Headliner, Roy Clark, listens as Host Oral Roberts offers a few tips on playing the harjo, during the taping of the Evangelist's Summer TV Special. Also starring on "Oral Roberts on Country Roads" are Skeeter Davis and Clara Ward and her Singers.

Good country music! That best describes "Oral Roberts on Country Roads," the last TV special of the season in the quarterly series produced by the famed evangelist.

Scheduled as guests are Hee Haw's Roy Clark, RCA Records' Star Skeeter Davis, and Gospel Music Sensation, the Clara Ward Singers.

Now as an established star, Clark has launched a business career as owner of several apartment houses in Tulsa, Okla., and co-owner of a 2,450-acre ranch south of the city that he plans to develop into a residential-leisure complex.

A recording star since the early '50's, Skeeter Davis has produced many hit records, including million-seller "The End of the World," followed closely by "Set Him Free," "Bridge Over Troubled Water," and 25 albums.

A completely free and natural person, Skeeter is at home on stage... from the Grand Ol' Opry, where she

THIS YEAR, FOR THE FIRST TIME SINCE 1932, WE'LL ELECT A NEW CONGRESSMAN.

AND IN 1972 WE NEED A NEW KIND OF CONGRESSMAN.

After all, a lot of things have changed since Hoover and Roosevelt slugged it out for the presidency.

Mississippi, for one. The Congress, for another.

With the growth of the national government during the last forty years the decisions our representatives make in Washington have come to affect each of us more rapidly, more directly than ever before.

And the continuing acceleration of change in America has led voters to begin sending a new breed of men to serve in Congress. Better informed, more decisive men—like Judge Howard Patterson.

Judge Patterson's position on Mississippi's Tenth Chancery Court calls for him to make decisions every day, all alone, that affect the lives of others. And that responsibility has taught him to listen to others. Responsibility has bred responsiveness.

Above all, our congressman must be responsive to our wishes and opinions. And that quality, above all, is what distinguishes Judge Patterson's candidacy from all the rest: he listens more than he lectures.

On June 6th, when we vote for a new congressman, let's vote for a new kind of congressman as well.

Howard Patterson: He'll listen. And we can trust him.

# HOWARD PATTERSON
